tion of the United States Constitution would call for a very limited judicial role. My argument is directed against the idea that "fidelity to the Constitution" requires us to discount political justice more deeply than the text of the Constitution demands. On some conceptions of political justice, however, fidelity to justice requires that the judiciary abstain from deciding controversial issues of social policy and individual right.

mit National Guardsmen to keep guns in their homes.²³ We could view the Bill of Rights as an awkward first step in a commendable direction, eventually pursued more adeptly by the general language of the Fourteenth Amendment.

Judges and scholars have not, however, been satisfied to treat the Bill of Rights in this way. They praise it as magnificent, not awkward, and view it as limiting, not supplementing, the Constitution's more abstract provisions. They contend, for example, that the Fourteenth Amendment's Due Process Clause protects only rights named in the Bill of Rights. Forced to explain the point of including specific rights in the constitutional text, they maintain that the list is designed to constrain judges by prohibiting them from acting upon their best practical and moral judgments about what justice requires. This is the dead hand of the past with a vengeance, valuing past practices and history at the expense of not only justice but also the constitutional text itself.²⁴

Moncu – válečník v době 18. dynastie

The article deals with the role of the warlike god Montu within the framework of the power ideology of Eighteenth Dynasty rulers based on the interpretation of written as well as iconographic sources. According to the author, the preserved testimony calls for a more detailed evaluation of Montu's position as a warlike deity in close connection with the military enterprises of...

Džedkareův pyramidový komplex: nové doklady o konci 5. dynastie

The pyramid complex of King Djedkare in South Saqqara is a key monument for our understanding of the history of the late Fifth and early Sixth Dynasties and of the social and religious transformations of that period. Despite its exploration in the 1940s and 1950s, neither the architecture of this monument nor its relief decoration and other finds have been fully documented and...
