

Info USA in the Moravian Library cordially invites you to a lecture

Women's History in America

by Joanna Kortik

When: Thursday, March 28, 2013 at 9:00 a.m.

Where: Small meeting room, 6th floor of the Moravian Library, Kounicova 67a, Brno

March is Women's History Month in the United States when Americans honor the women's suffrage movement and the plans for women to shape the future. The women's suffrage movement in America has a relatively short history; the struggle for women's rights became pronounced during America's industrial revolution. The demand for women's suffrage emerged in the first half of the 19th century from within other reform movements of the period. Joanna Kortik will place the women's suffrage movement into the context of America's history. She will discuss the ongoing movement and provide her perspective of the social, economic and political challenges for women in America today.
