Historie Euroasijské patentové organizace

- V důsledku ukončení Svazu sovětských socialistických republik ukončil svou činnost od 1. prosince 1991 i Gospatent SSSR.
- Rozbitý do té doby jednotný patentový prostor.
- Zřízení mezistátního systému na ochranu průmyslového vlastnictví
- Zřízení národních patentových systémů, úřadů
- Přijímání vlastních právních předpisů jednotlivými státy
- Oficiální podpis euroasijské patentové úmluvy se konal v Moskvě, dne 9. září 1994.
- Hlavním cílem euroasijské patentové úmluvy, je posílit spolupráci v oblasti ochrany vynálezů a vytvořit mezistátní systém pro získání právní ochrany na základě jedné přihlášky, platící na území smluvních států.
- Ratifikace smlouvy jednotlivými státy
- **Euroasijská patentová úmluva vstoupila v platnost dne 12. srpna 1995.**

EAP - PATENT ATTORNEYS

The database contains information about EAPO patent attorneys registered in the Register of Eurasian Patent Attorneys: registration number, full name, state, place of residence, contact information, languages and other. Various types of browsing and searching over the list of attorneys are possible.

EURASIAN ESPACENET SERVER

Eurasian Espacenet server as part of the patent information net of the European Patent Office contains information about Eurasian patent documents with a possibility to search and browse. The server has a Russian interface and opens access to the worldwide patent information and patent collections of different countries and international organizations.

EURASIAN PATENT INFORMATION SYSTEM

EurAsian PATent Information System (EAPATIS) developed by the Eurasian Patent Office is an information and search system providing access to world, regional and national collections of patent documentation. Collection in Russian consists of patent documentation of EAPO, Russia, national patent offices of the Eurasian region including documentation from Eurasian Patent Convention Contracting States. The System offers various types of searching. The following DBs are presented in English: Eurasian Patents (since 1997), patent documentation from the regional disc CISPATENT (Armenia, Belarus, Georgia, Kyrgyzstan, Moldova, Tajikistan, Ukraine, Uzbekistan, Russia and the Eurasian Patent Office), patent documentation of countries included to PCT-minimum documentation (WIPO, EPO, USA, Japan, Canada and etc.).
