IP and technology databases

WIPO's global databases make it easy for anyone, anywhere, to access the wealth of information in the IP system. They are based on our commitment to creating an interconnected and inclusive knowledge-sharing IP infrastructure to support innovation worldwide. The Global Dissemination of IP Data initiative encourages and supports the exchange of IP data among national/regional IP offices and WIPO.

The screenshot shows the Global Design Database website. At the top, there's a browser window with the URL <http://www.wipo.int/reference/en/designdb/>. Below the browser, the website header features the WIPO logo and navigation links: Media, Meetings, Contact Us, My Account, and English. A search bar labeled 'Search WIPO' is also present. The main navigation menu includes IP Services, Policy, Cooperation, Reference, About IP, and Inside WIPO. A breadcrumb trail shows 'Home > Reference > Global Design Database'. The main heading is 'Global Design Database'. Below it, a paragraph states: 'Via a single, intuitive interface, the Global Design Database enables free, simultaneous searches of more than 1,590,000 industrial designs registered under the WIPO-administered Hague System and/or in participating national collections.' A red rectangular box highlights a button labeled 'Access the Global Design Database'. To the right, a 'Links' section contains a red dashed square icon and links to 'Help' and 'Contact us'.
