SUMMARY

Abstract

International audience; Does house money exacerbate price bubbles? We compare house money asset market experiments with an earned money treatment where initial portfolios are constructed from a real effort task. Bubbles occur; however, trading volumes and earnings dispersion are significantly higher with house money. We investigate the role of cognitive ability in accounting for the differences in earnings distribution across treatments by using the cognitive reflection test (CRT). Low CRT subjects earned less than high CRT subjects. Low CRT subjects were net purchasers (sellers) of shares when the price was above (below) fundamental value. The opposite was true...

Pokročilé vyhledávání

The screenshot shows the OpenAIRE Advanced Search page. The browser's address bar displays the URL: `explore.openaire.eu/search/advanced/research-outcomes?f0=q&fv0=Cuba%2520fiscal&f1=q&fv1=&page=1&size=10&sortBy=...`. The page features a navigation bar with tabs: EXPLORE, PROVIDE, CONNECT, MONITOR, and DEVELOP. Below this, there are links for SEARCH, DEPOSIT, LINK, CONTENT PROVIDERS, and SIGN IN. The main search area is titled "Advanced search in" with a dropdown menu set to "Research outcomes". The search form includes a "FIELD TO SEARCH" dropdown (currently showing "Subject"), a "TERM" input field (containing "Cuba"), and a "and" operator dropdown. A red arrow points to the "FIELD TO SEARCH" dropdown, which is open, showing a list of fields: All fields, Title, Author, Author ORCID, Description, and Subject. Another red arrow points to the "ADD RULE" button, which has a plus sign icon. A red box highlights the "ADD RULE" button with the text "Přidávání a ubírání polí." (Adding and removing fields). A third red box highlights the "Subject" field in the dropdown menu with the text "Výběr pole." (Field selection). The page also shows a "Filters" section on the left with "Open Access" selected, and a "Research Type" section with "Publications" selected. The search results section shows a list of results, with the first result being a publication titled "Sostenibilidad fiscal. Prioridad en la agenda de transformaciones del modelo económico cubano" by de los Santos, Vilma Hidalgo; Reyes, Yaima Doimeadiós.

The screenshot displays the OpenAIRE Advanced search interface. The browser's address bar shows the URL: `explore.openaire.eu/search/advanced/research-outcomes?f0=q&fv0=Cuba%2520fiscal&f1=q&fv1=&page=1&size=10&sort...`. The page features a navigation bar with links for SEARCH, DEPOSIT, LINK, CONTENT PROVIDERS, and SIGN IN. Below the navigation bar, the search type is set to "Research outcomes".

The main search area contains a "FIELD TO SEARCH" dropdown menu with "Subject" selected. A red box highlights the "Publication Date" option, with a red arrow pointing to it. The "TERM" input field contains "Cuba". To the right of the term field is a dropdown menu for logical operators, currently set to "and". Below the term field is a date range selector with a calendar icon and the text "from date 20".

A dropdown menu is open for the "Publication Date" field, showing the following options:

- Last 6 months
- Last year
- Last 2 years
- Last 5 years
- Last 10 years
- Specify date range...

The "SEARCH" button is visible below the date range selector. To the right of the search area is an "ADD RULE" button with a plus sign icon.

Below the search area, the "Filters" section shows "Clear All" and two active filters: "Open Access" and "English". The "Access Mode (1)" section shows "Open Access (6)". The "Research Type (4)" section is partially visible.

The search results are sorted by "Relevance". A "Download Results" button is located at the bottom right of the search area.

The search results show 6 RESEARCH OUTCOMES, PAGE 1 OF 1. The first result is:
