

BASE

Bielefeld Academic Search Engine

<http://www.base-search.net/>

Poslední aktualizace: 15. listopadu 2018

BASE

Charakteristika (1)

- Vyhledávací program zaměřený na akademické a další odborné zdroje.
- Souběžné hledání v celé řadě odborných databázích.
- Pokrývá téměř 136 milionů dokumentů z více než 6 600 odborných zdrojů. V současnosti jeden z největších vyhledávacích programů na světě.
- Koncentrace zejména na vědecké dokumenty s otevřeným přístupem. Asi 60 % zachycených dokumentů je k dispozici zdarma v plném textu.
- Aktualizace 2x měsíčně.
- Vyhledavač buduje Universitätsbibliothek Bielefeld.

BASE

Charakteristika (2)

- Vyhledavač lze použít i pro mobilní zařízení.
- Možnost exportu vybraných záznamů.
Záznamy se stahují po jednotlivých stranách.
- Po bezplatné registraci možnost trvalého ukládání dotazů (rešeršní historie) a výsledků vyhledávání.

BASE

Vyhledávací možnosti

- Možnost zpřesnění dotazu a redukce počtu výsledků podle autora, předmětových hesel, Deweyho desetinného třídění (DDC) (notace DDC není u všech záznamů), roku vydání, zdroje, jazyka, druhu dokumentu, přístupnosti plného textu a typu licence Creative Commons.
- Vyhledávání probíhá v informacích o dokumentu, nikoliv v plných textech.
- * Náhrada za neomezený počet znaků
(pravostranné i levostranné rozšíření, uvnitř slova).
- "phase change materials"
Fráze: oboustranné uvozovky nahoře.

BASE

Booleovské operátory

- Operátor AND (mezera mezi slovy), OR, NOT, ale pozor !

- OR:

military OR army

(military army) **Mezera mezi slovy v závorce znamená OR.**

Obě tato zadání vedou ke stejnému počtu výsledků.

outsourcing (defense defence military army)

Znamená: *outsourcing AND (defence OR defense OR military OR army)*

Při kombinaci více operátorů používat zápis operátoru AND v závorce a psát operátory velkými písmeny.

- NOT:

*diabetes -child**

The screenshot shows the BASE search results page. Two search results are visible. The first result, titled "99. First measurements of aerosol optical depth and Angstrom exponent number from AERONET's Kuching site", has its "Export Record" button highlighted with a red dashed box. The second result, titled "100. AEROSOL VERTICAL DISTRIBUTIONS AND COLUMNAR OPTICAL PROPERTIES OVER SINGAPORE - A REMOTE SENSING STUDY WITH AIR QUALITY APPLICATIONS", also has its "Export Record" button highlighted with a red dashed box. A red arrow points from the "Export Record" button of the first result to the "Export" button in the "All Records" dropdown menu at the bottom left. This dropdown menu is also highlighted with a red box and contains a list of export formats: RefWorks, EndNote, RIS, BibTeX, MARC, RDF, RTF, JSON, and YAML. A red dashed box at the bottom right contains text about creating an account. A red box on the right side contains text about downloading records. The top navigation bar includes links like "Seznam - najdu tam, co...", "Moravská zemská knihovna...", and "Zabezpečeno". The bottom navigation bar includes links like "Services / How To", "Further information", and "Universität Bielefeld".

Military Operations of the Czech Republic: Prospects for Outsourcing

Author: Ondrej Urbanek [[claim](#)]

Description: The publication of the White Paper on Defence during 2011 initiated a new round of discussions regarding the future of the Czech defence sector. Whereas the White Paper on Defence introduces a normative scenario describing the desirable development of the sector, this paper aims to outline one of the possible alternatives of future development – outsourcing of foreign military operations. It identifies basic trends determining the development in this sector, summarizes the generally accepted scenario as presented in the White Paper on Defence and puts alternative scenarios of foreign military operation outsourcing in contrast to it. The scenarios are based on the "what if" method and include summaries of its possible indicators and consequences.

How to browse the DDC

This browsing tool is subdivided into 3 levels. Example: Main class 5 (Science), Division 53 (Physics), Section 539 (Modern physics). Click on an entry to get to the next sub-level. Click on the link "View Records" to start searching BASE for documents within this main class, division or section. If you search for a main class, the divisions and sections are automatically searched as well, if you search for a division the sections are automatically searched as well.

This browsing tool is based on the Dewey Decimal Classification (DDC). The DDC attempts to organize all fields of knowledge into ten main classes. The ten main classes are then further subdivided: Each main class is divided in ten divisions and each division consists of ten sections. So there are 10 main classes, 100 divisions and 1000 sections.

The DDC categorization of the documents is accomplished in a twofold manner: First, there are sources that provide DDC numbers for their records already, which are included in the browsing directly. Second, we perform automatic classification of documents in the context of BASE. The techniques necessary for this step have been developed by the project "Automatic Enhancement of OAI Metadata", funded by the German Research Foundation (DFG).

At the moment, DDC numbers are assigned to **18,582,411 documents** in the BASE index and can be found that way. Please consider that there are some sections where you can't find any documents at the moment.

BASE

Služby pro registrované uživatele

The screenshot shows the BASE website interface. At the top, there's a navigation bar with the BASE logo and links for Basic search, Advanced search, Browsing, and Search history. The user is logged in as 'machat' and can log out or change the language to English. Below the navigation bar, there are two main sections highlighted with red boxes. The left section, 'My Favorites', shows a list of records, with the first one titled '1. Particulate Matter Emission Factors for Biomass Combustion'. The right section, 'My Account', contains links to My Favorites, My Publications, Search History, Edit Profile, and Delete Your Account. Below these, there's a 'Sort Records' section with a dropdown menu set to 'Relevance'. At the bottom, there's a 'My Lists' section showing 'My Favorites (4)'.
