

 eJournal Collections

## Library Studies

- Closely aligned to the continuously evolving Library Science field, this interdisciplinary and outward-looking collection features research that intersects with information systems, information science and education.
- Committed to the industry it serves, selected articles are published in partnership with The International Federation of Library Associations and Institutions (IFLA), and under an arrangement with the Bill and Melinda Gates Foundation's Global Libraries Initiative.
- 94% of titles are ranked by Scopus and six titles are accepted in the Journal Citation Reports® including *Journal of Documentation*, which is one the longest-established journals in library and information science with content dating back to the 1940s.

## New-look Library Studies eJournal Collection

The Library Science field is evolving. It has become more interdisciplinary and outward-looking, broadening in impact with research that intersects with Information Systems, Information Science and Education. Emerald's Library Studies eJournal Collection is adapting to these trends by broadening its scope and will feature coverage of emerging topics including digital information and communication, metadata and taxonomies, web science and information user studies.

## Recent influential articles:

**Trying to understand social media users and usage: The forgotten features of social media platforms**, *Online Information Review*, Katrin Weller, 2016

**A formal definition of Big Data based on its essential features**, *Global Knowledge, Memory and Communication*, Andrea De Mauro, Marco Greco and Michele Grimaldi, 2016

**A framework for planning academic library spaces**, *Library Management*, Fatt Cheong Choy and Su Nee Goh, 2016

## Key Titles

**Online Information Review**

With an Impact Factor of 1.534, this title tracks current thinking as demonstrated with recent issues dedicated to social media analytics, social networking and political participation, and the use of social media during sporting mega events.

**Journal of Documentation**

One of the longest-established academic journals in library/information science, providing a unique focus on theories, concepts, models, frameworks and philosophies related to documents and recorded knowledge.

**Aslib Journal of Information Management**

Providing the latest international developments in information management/science, with coverage including: social media, data protection, search engines, information retrieval, digital libraries, information behaviour, intellectual property and copyright, information industry, digital repositories and information policy and governance.

“Emerald’s library and information science journals balance practice and innovation, ideas for today with research for tomorrow. Together they form a corpus that educates both the active professional and the student. Directors and beginners benefit equally from the international coverage and technology depth.”

Michael Seadle, Institute for Library and Information Sciences, Humboldt University of Berlin, Germany

## What does your subscription include?

### Access in perpetuity

Perpetual access to content published during your subscription period, even if you stop subscribing.

### Complimentary access

Users will receive complimentary access to selected archive content for the duration of a live subscription.

## A dedicated research platform

All of Emerald's content is hosted on emeraldinsight.com, providing seamless access to research.

### Accessible

Supporting IP, OpenAthens and Shibboleth authentication enabling streamlined access to content.

Compliant with W3C AA guidelines making content accessible for people with disabilities.

### Integrated

Hosted on an industry-leading platform, aligned to other publisher platforms supporting integration and usability.

Integration with remote customer websites through harvesting and remote search capabilities.

### Discoverable

Citation management and reference linking features, including compatibility with EndNote, Reference Manager, RefWorks, ProCite, Zotero, Mendeley and BibTex.

Content is indexed in all major discovery services including Primo, Summon and EBSCO Discovery Service.

### Customized

Institutional administration area provides single point access to usage reports, KBART & MARC records, subscription listings and co-branding options.

Unique user profile allows registrants to tailor research by saving favourite searches, signing up for new content and citation alerts, and bookmarking favourite publications.

## Delivering a clear and simple user experience

No download restrictions

Concurrent, multi-user access

No embargoes

Searchable HTML, and PDF articles

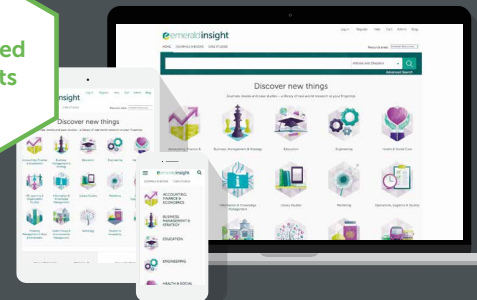

Structured abstracts

Browse content

Institution-wide access

Quick and enhanced search

Direct to desktop and mobile devices

## About Emerald Publishing

Emerald Publishing was founded in 1967 to champion new ideas that would advance the research and practice of business and management. Today, we continue to nurture fresh thinking in applied fields where we feel we can make a real difference, now also including health and social care, education and engineering.

We publish over 300 journals, more than 2,500 books and over 1,500 case studies. Our priority is to build long-term relationships with a global community of authors, teachers and librarians who want to find, share and apply research that matters.
